

# PLANNING FOR OUR FUTURE

*Where to from here?*

In the lead up to the 2006 state election politicians, academics and other stakeholders assess our current planning problems and debate what should be happening.

- Why are new developments allowed to damage the valued amenity that Melbourne is famous for?
- Where is the certainty which all parties agree that the planning system should provide?
- Where is the comprehensive public transport plan the community has been demanding for years?
- Melbourne 2030 is failing - what should replace it?

# PLANNING FOR OUR FUTURE - A SUSTAINABLE VISION

- What models can we learn from?
- How can VCAT be reformed to oversee and support the council planning process?
- What needs to change at your local Council?
- Overdue - updating the Planning Act
- Melbourne 2030 - redraw or replace?

Save Our Suburbs Inc., in association with RMIT University, the Victorian Local Governance Association (VLGA) and the Planning Institute of Australia (PIA) is holding a targeted forum to discuss community and other stakeholder concerns regarding the state government's failure to adequately manage growth and change across Melbourne in a socially and environmentally sustainable way.

Speakers will include.

- The Hon. Rob Hulls, Minister for Planning
- Ted Baillieu, Shadow Minister for Planning
- Dr Michael Buxton
- Trevor Budge
- Dr Paul Mees
- Dr Bob Birrell
- Dr Miles Lewis
- Cr Janet Rice
- Julian Hill
- Catherine Dale
- Andrew Rowe

MC - Rod Quantock
